EDUCATION

- **KJ Somaiya College of Engineering, Vidyavihar** 2022 – 2026
Bachelor of Technology in Information Technology (Hons. Cyber Security)

PROFESSIONAL EXPERIENCE

- **The5ers** May 2026 - Present
Content Strategist
 - Developed and executed creator-led content strategies for proprietary trading products, collaborating with affiliates and influencers to drive user acquisition and brand awareness.
 - Designed and built a centralized Creator CRM from scratch, managing affiliate records, creator status, monthly deliverables, payment tracking, and campaign history to streamline creator operations.
 - Researched competitors and proposed growth initiatives, including creator-led trading competitions, mentorship programs, trader spotlight campaigns, and email acquisition funnels to increase engagement and user acquisition.
- **Proof Of You** April 2026 - June 2026
Business Development Intern
 - Built and managed outbound lead pipelines for fintech, trading, and Web3 companies, identifying and qualifying high-potential prospects.
 - Executed outbound email and LinkedIn campaigns to engage prospective clients, qualify leads, and schedule discovery meetings for the business development pipeline.
 - Researched target companies and key decision-makers to personalize outreach, improve response rates, and support client acquisition.

PROJECTS

- **Creator CRM – Influencer & Affiliate Management Platform**
 - Designed and built a centralized CRM to manage influencer partnerships, affiliate records, campaign history, and creator lifecycle.
 - Developed structured workflows for onboarding, monthly deliverables, payment tracking, and creator status, improving operational efficiency.
 - Created dashboards and tracking systems to monitor campaign progress, affiliate performance, and creator engagement in a single workspace.
 - **Focus Areas:** Product Design, CRM Architecture, Workflow Automation, Influencer Marketing, Campaign Operations
- **Personal Portfolio Website** [Live]
 - Designed and developed a responsive personal portfolio to showcase projects, technical skills, and professional experience.
 - Built a modern UI with smooth animations, reusable components, and mobile-first responsive design.
 - Deployed on Vercel with optimized performance and integrated GitHub and LinkedIn for seamless project discovery.
 - **Tech Stack:** React.js, TypeScript, Framer Motion, Material UI, Vercel

SKILLS

- **Growth & Marketing:** Influencer Marketing, Affiliate Marketing, Creator Partnerships, Content Strategy, Campaign Management, User Acquisition
- **Business Development:** Lead Generation, Outbound Prospecting, Cold Email Outreach, LinkedIn Outreach, CRM Management, Sales Pipeline Management
- **Analytics & Strategy:** Competitor Research, Market Research, Growth Strategy, Campaign Performance Analysis
- **Tools:** Notion, HubSpot CRM, Git, GitHub, Postman, Figma, Vercel
- **Technical:** JavaScript, TypeScript, React.js, Node.js, PostgreSQL, REST APIs

LEADERSHIP & ACTIVITIES

- **KJSCE CodeCell** Jul 2024 – May 2025
Creative Head
 - Led a 12-member creative team to develop branding, marketing assets, and promotional campaigns for technical events, workshops, and hackathons.
 - Collaborated with cross-functional teams to deliver consistent event branding across digital and offline channels.

ACHIEVEMENTS

- Won a **\$3,000 bounty at ETHIndia 2024** for building **StakeFit**, a fitness application focused on user engagement and accountability.
- Secured **1st Prize** in the **RedFox Security CTF** organized by SIES GST.
